

Precision of Speech

Antonius Torode

May 4, 2022

“If you don’t tidy your room, then you won’t get any ice cream.” [1]

tant aspects of it. That aspect is one of being precise in speech.

This is a quote from one of my undergraduate mathematical textbooks. The book is rightfully titled *How To Think Like A Mathematician*. Even though this quote has nothing to do with mathematics on the surface, it encompasses one of the most impor-
